

Construction Site Runoff Control Program Showcase

Greg Ryberg, Site Development Coordinator
City of Gaithersburg

EPA Region III
Maryland MS4 Forum
November 19, 2015

Overview of Gaithersburg

Gaithersburg's Sediment and Erosion Control Program

- Gaithersburg is delegated both plan review and inspection authority for sediment and erosion control from MDE
- Benefits of having plan review authority in house
- Use Energov permit and inspection software
- Operating under administratively-extended permit, first issued in 2003

Practical Challenges

- Timing of BMP installation
- As-built requirements

Regulatory Challenges

- NOI enforcement by MDE
- Interagency communication
- Lessons from EPA program inspection
